

Message from the Chairman

The Hospice provides quality palliative care, free of charge, to people whose illness is no longer responsive to curative treatment. This service is provided to all residents of Marlborough regardless of age or gender. Patients receive holistic care tailored to their individual needs and choices.

From personal experience I know just how important this care can be. The work of the Hospice has supported and comforted many families in their time of great need. It offers choices and gives patients and families the opportunity to make the most of the life they have been given.

In order to ensure that the services of the Hospice continue into the future, we need your help. The Trustees invite you to support the Foundation. Any contribution you are able to make will be gratefully received and acknowledged. Your donations will make a lasting difference.

Thank you for your generous support.

Graeme Coates
Chairman
Marlborough Hospice Foundation
